Our wooden lighthouses are handcrafted from a top quality signboard plywood and painted with an exterior grade paint. Our products are built to endure all types of weather conditons.

Visit page 30 for the many other lighting options we offer designed to enhance your lighthouse. All lighthouses come with a standard 25 watt bulb.

Our lighthouses offer a unique way to beautify your landscape by covering well casings, sewer pipes, or anything else in your yard!

POLY TOP

WOOD TOWER

POLY
BASE

Our Hybrid lighthouses are made with a Poly top, wood center, and a Poly plate or base. Since the top and bottom are the first to feel the effects of the elements, the Hybrid lighthouse is built to stand the test of time.

Along with the Poly top and bottom, which are maintenance free, you also have the option of a striped and painted scheme. All wood and Poly styles shown on previous pages are available in all sizes for a hybrid.

5' Montauk Hybrid
with base and interior electric lighting.
Also available in solar.

For a compact way of displaying our products we also offer display racks which are pictured on this page.

They are collapsible for shipping and are designed for quick and easy set-up.

For those who have limited space they are a unique way of displaying our products and will stay cleaner from the elements as well!

This display unit only takes an area of 4' x 6' and will display up to 15 lighthouses, windmills, etc.

Our Display Unit comes in kit form that is easy to assemble.
